KUGA

## *Rethink adventure*

Why see adventure as a one-off experience? For you, it's a state of mind. You know you don't need a 20-kilo backpack and a six-month career break to head out and find it. From the bright city lights to the wide, sweeping skies – every place, time, and moment brings something new. Introducing the Ford Kuga. Adventure in every drive.

*Kuga Titanium in White Platinum metallic body colour, shown with panorama roof.*

## *Take on your world*

Ford Kuga is equally at home exploring rolling landscapes or seeking adventure from a city commute. Wherever your journey takes you, you'll enjoy the perfect balance of rugged SUV capability and beautifully sculpted styling. Beneath its sleek exterior, Kuga's generous loadspace is equally capable of carrying a week's groceries or a mountain bike, so you can head out into the countryside whenever the feeling takes you. And with advanced technologies such as its Selectable Drive Modes system, you can adapt your driving experience to suit the road conditions.

*Kuga Titanium in Magnetic metallic body colour, shown with 18" 5x2-spoke Magnetic/machined alloy wheels.*

## *Redefine your space*

The feeling of movement and freedom continues into the vehicle and flows through every interior feature. From the fluid design of the fascia and centre console, to the stylish and supportive seats – the Ford Kuga creates a sanctuary of premium comfort.

Additional clever design features complement an active lifestyle. The rear seats include an ingenious sliding function, which allows you to offer extra legroom for rear passengers if needed, or to extend the rear loadspace for extra storage capability. While a reversible luggage compartment mat with high-quality velours on one side, and a durable and robust rubber surface on the other side, help to prevent wet or dirty items from soiling the interior.

*Kuga Titanium shown with Ray in Ebony/Eton in Ebony trim and panorama roof.*

## *Enjoy your drive*

With clever features and innovative technologies, Kuga puts you in complete control. From the rear wide-view camera, to the automatic transmission's rotary gear shift dial, every element has been designed for an effortless drive. And for an added touch of luxury, Kuga's ambient lighting illuminates the footwells, cup holders and door release handles with a choice of different accent colours when the headlights are switched on.

*Kuga Titanium shown with rotary gear shift dial and heated steering wheel.*

## Panorama roof

Kuga's electrically-operated sliding panorama roof lets the light flood in for a lighter, brighter drive. An integral sunblind provides convenient protection from the sun.

## Selectable Drive Modes

Tailor your Kuga driving experience to suit the conditions through a selection of available drive modes. The system adjusts various settings, including throttle response and steering feel, as well as gear-change behaviour on cars with automatic transmission.

## Wireless charging pad

No wires? No problem. With Kuga's wireless charging pad, you can charge your compatible mobile devices without needing to plug them in.

Available Qi wireless charging may not be compatible with all mobile phones.

## Rear-view camera

Views to the rear of the vehicle are displayed in the touchscreen display. Useful for making tight parking manoeuvres by allowing you to monitor the area behind the car. Rear-view camera activates when the car is shifted into reverse gear.

Cameras only operate at speeds under 10 km/h (6 mph). Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

# Titanium
