Ford

Louder, Prouder

Mustang continues its best-selling combination of sleek design, advanced technology and superb performance, it's a combination of raw power and unrivalled sophistication that never grows old.

READY TO ROAR.

They'll know you're coming. And when you leave them in your dust. That wicked 5.0L V8 acceleration rumble defines the Ford Mustang GT model. There's nothing quite like it.

LED headlamps with automatic levelling

Bright, white light, always exactly where you need it on the road.

THIS CABIN ROCKS. Starting with an available B&O™ Sound System that sends 1,000 watts of digitally processed sound through 12 high-performance speakers, plus a trunk-mounted subwoofer.

Steering column: tilts and telescopes to better fit your needs. Like the toggle switches for the available Selectable Drive Modes and Active Valve Performance Exhaust System. Steering wheel-mounted controls for the available digital instrument cluster. And so much more. Designed and engineered to optimize your connection to the road – Mustang also heightens your enjoyment of it.

Pre-Collision Assist with Pedestrian Detection

Autonomous Emergency Braking is designed to help you detect if the car in front has unexpectedly stopped or a pedestrian steps out onto the road and can automatically apply the brakes if you don't.

5.0L V8 engine

Expertly engineered to help maximise power from every compression, the Mustang GT's 5.0L V8 engine utilises a dual-fuel, high-pressure direct injection and low-pressure port injection system. Boasting 449 PS of power and 529 Nm of torque, this is the stuff of legends.

Drive the legend

Nothing else offers the unique combination of classic style and exhilarating performance quite like the Ford Mustang. Whether it's the Fastback or Convertible, the Mustang has a heritage few other cars can match.

12-inch digital cluster

This is the first all-LCD display ever offered in a Mustang. It's easy to view, fast, responsive, and absolutely beautiful. Set your ideal Electronic Stability Control, throttle, steering, exhaust and gauge appearance preferences with the touch of a button.

DESIGN YOUR DISPLAY.

Personalize your Ford Mustang® as often as you like with the available customizable 12" color LCD instrument cluster. Through the Pony button on the steering wheel, you decide what's displayed: any combination of 1 to 3 virtual gauges ; Exhaust mode; Track Apps;™ a Performance Shift Indicator (3 types with configurable rpm); launch control; and more. Enhance it further with MyColor.® Set your primary, secondary and ambient lighting colors. The cluster, like everything else, is oh-so responsive.

MUSTANG TRACK APPS

LIGHT 'EM UP. At the track. In the cluster. With standard line-lock, you can "heat up" the Mustang rear tires. As they smoke outside, you'll see them smokin' here as well.

NO STOPWATCH NEEDED. With the Lap Timer, record your time and average speed at 3 separate tracks. Store up to 100 sessions (a session is 25 laps) in Track Mode.

1,320 FEET OF EXHILARATION. Start your launch with the iconic "Christmas tree." 3-2-1. Gone! The Acceleration Timer shows you how quickly you reach the ¼ mile.

Brembo braking calipers

Mustang GT comes with a pair of six-piston Brembo front braking calipers, featuring a pair of 15" vented brake rotors to deliver a high braking performance.

Apple CarPlay™

Apple CarPlay™ helps you control some apps from your smartphone using the touchscreen, steering wheel controls, and voice assistant. Get turn-by-turn directions, traffic conditions and estimated travel times from Apple Maps, Google Maps and even Waze.

LED lighting

The Mustang now features all-LED lighting including signature tri-bar DTRLs, low and high beams, indicators, fog and tail lamps.

Active valve exhaust

Delivering an audible experience like never before, the Active Valve Exhaust system lets you choose exactly when you want to make your presence known. Four modes are available: Normal, Quiet, Track and Sport, tailoring the exhaust note for every occasion.

B&O Sound System

Listening to music while driving can be one of the most exhilarating experiences there is, and this B&O sound system is engineered to deliver on this promise.

Pony puddle lamps

A delightful surprise for anyone's first Mustang experience: the famous Mustang Pony emblem, projected at your feet by the side mirrors.

Sports transmission

Mustang drivers can unleash performance with the responsive ease of the advanced 10-speed automatic or who demand maximum involvement, the short shifting 6-speed manual gearbox.
